LIVING RETAINING WALLS
FROM THE LIVING SYSTEMS PEOPLE YOU TRUST

FUNCTIONAL AND VERSATILE

SmartSlope living retaining walls offer vertical landscaping with structural equivalence to any segmented retaining wall system. Our product can be used in a variety of applications that will elevate your project.

EASE OF INSTALL

Lightest weight-to-coverage ratio in the industry :: Less concrete :: Less labor :: Less time

SmartSlope is installed in a checkerboard pattern, making it even easier to stack, level and back fill than the traditional segmented retaining wall.

TECHNICAL HIGHLIGHTS

Coverage 1.10 SF/ module
Module Dimensions 15”W x 6”H x 12”D
Module Weight 48 lbs
Color Charcoal Olive
Accepts Irrigation Lines Yes
Engineering Software MSEW and SRW
LIGHT ENVIRONMENTAL FOOTPRINT

Less concrete :: Lower carbon footprint :: Manufactured locally

SUPERIOR AESTHETICS

SmartSlope allows your retaining wall to be a garden instead of a concrete monolith. Your landscaping creativity will determine the SmartSlope aesthetic.

ECOSYSTEM SERVICES

Mitigates urban heat island effect :: Reduces impervious surface :: Contributes to LEED :: Creates urban habitat :: Guaranteed plant performance :: Biophilia :: Assists in stormwater management

SmartSlope is endorsed by the Maryland Department of Natural Resources (DNR) as a “soft” shoreline in coastal areas.

CONTACT
